

English League Cups

Note 1 – a few cups shown below include a few clubs from other leagues so are not strictly “League Cups”. I have included them here as they appear on the websites of the relevant leagues and are treated in a similar manner to that league's genuine League Cups. Where I know this situation arises, I have attempted to annotate such competitions accordingly.

Note 2 – wherever text appears in red, it means that further work is needed to complete that tie/competition. Either the match has not yet been played, the result is unknown, the score in penalties needs to be found, or I am not yet certain if a tie was played and awarded to the losing side or one of the teams simply withdrew from the competition.
